## PROMISED A PARDON

Cuban Insurgents Asked to Surrender.

### GEN. CAMPOS' PROCLAMATION.

Those Who Will Lay Down Their Arms and Surrender Will Be Given Their Liberty—Leaders Not Included in the Proclamation—The Latest Information From the Seat of War.

HAVANA, April 19.—Captain General Martinez de Campos has issued from Santiago de Cuba a proclamation offering pardon to all insurgents with the exception of the leaders who will lay down their arms and surrender. He has made preparations immediately to pursue the members of the bands who refuse to come in under the proclamation and the warfare against them will be waged vigorously.

It is stated here that some of the insurgent bands have taken to torturing helpless residents of the country districts who have incurred their displeasure. At Blanquillo, near Manzanillo, a grocer named Miguel Laureda was surprised at night by Maceo's band. He was cruelly tortured and horribly mutilated, after which he was tied to a tree, where he was left for the buzzards to eat.

Manuel Iglesias, a grocer of Buycito, Manuel Reitor and an old man named Vieira, who fought against the rebels in the last revolution, have been murdered by roving insurgents. The town of Palma Soria, province of Santiago de Cuba, was attacked by insurgents who were repelled and pursued by a body of troops. The rebels found refuge in the mountains. The troops discovered the place where their camp had been located and found a dead rebel in it. A number of weapons were captured.

Evidence confirming the death of the rebel chief, Mauduit, was found. Three of the government forces were wounded in consequence of not carrying out the orders that had been given them.

The captain general has sent a colonel to Spain.

Senor Dupuy de Lom, the newly appointed Spanish minister to the United States, arrived here at 6 o'clock yesterday evening. It is expected that he will proceed for New York on Saturday, after making an investigation in the Alhambra affair.

Private advices from the province of Santiago de Cuba show that the forces of the insurgents do not amount to nearly those claimed by the rebels. Among the leaders of the various bands are Emilio Giral, a white man, who commands 200 men; Alfonso Goulet, mulatto, 500; Bernardo Canache, white, 100; Victoriano Carzen, white, 400; Luis Bonnie, mulatto, 200; Eduardo Dominguez, white, 200; Victoriano Hernandez, mulatto, 300; Quintin Bandera, negro, 1,000, and Pedro Perez, white, 1,000, a total of 3,900 men. Of this number 1,900 are said to be armed with rifles, while the others use shotguns and machetes weapons. The rebels do not possess a single piece of artillery.

Considerable excitement has been caused by the fact that the rebels are again resorting to the incendiary tactics that caused such enormous losses to the planters during the last insurrection. The central plantation, Doz Asnigos (Two Friends), the property of Senor Nicolas Castano, situated on the coast near Manzanillo, has been burned by the rebels. Two million arrobas of sugar cane were destroyed. The advices do not show whether the machinery of the plantation was destroyed. These central factories contain very expensive machinery, crushers, vacuum pans, centrifugals, etc., and should the rebels burn many of them, the loss would be enormous.

It is stated on good authority that the troops commanded by Colonel Santocilde have cooped up a band of insurgents in the mountains, in the province of Santiago de Cuba, and that their capture is only a question of a short time. The rebels are making a stout defense, and a very hot fire is being exchanged.

### A DIFFERENT STORY.

This Brought by a Passenger on the Last Steamer to Reach Tampa, Florida.

TAMPA, Fla., April 19.—The plant steamer Olivette arrived from Havana last night. The passengers bring news of the revolution as follows: The Cubans endeavored to capture Guantanamo early Tuesday morning, the 16th inst. The Cuban force was 750 men, while the Spaniards numbered 4,500. The Cubans presented a body of about 200 men and the balance advanced in ambush on either side of a defile. The Spanish troops threw themselves into the defile on the Cubans in view, killing 14. The ambushed forces poured a continuous volley into the Spaniards completely demoralizing them and compelling the formation of a hollow square. After a long stand with heavy losses, the Spaniards made a cautious retreat from the defile. The engagement lasted eight hours. The Cubans becoming acquainted with the Spanish numbers, withdrew.

Six thousand soldiers are now in Guantanamo and 4,000 more have been asked for to protect the city against the insurgents, who the passengers say will make another attempt to capture the town.

The Cubans are now subject to a decree, the text of which is: "Should any Cuban or Spaniard propose peace, he will be immediately executed."

The Cubans are said to have entire control of the province of Santiago, excepting the largest cities. The Spanish

troops are concentrating in Puerto Principe.

Wednesday morning for the first time it was officially announced in Havana that Marti and Gomez had landed in Cuba.

General Carrilli, who distinguished himself in the last revolution, has been brought from Remedios, where he was arrested some time ago, to Havana and put in Morro castle. He is said to be an American citizen.

A battalion of troops left Havana at 3 o'clock Monday morning on an urgent call from an interior plantation owned by Mr. Rigney of Connecticut, 68 miles from Havana. There were two severe skirmishes fought last night. He raised the American flag and sent word to the forces of Spain that he would hold them responsible for the damage done to his property. Both sides then agreed to respect the property. A Boston firm, putting in machinery on the same plantation, made the same complaint, but their property was not damaged.

Consul Williams expects to leave Havana Saturday. He will go direct to New York.

The passenger, giving part of the information, has applied for a franchise to operate a big system of trolley cars in Havana.

### Rebellion Extending.

MADRID, April 19.—Dispatches from Havana state that the rebellion is extending despite the bad armaments of the insurgents. Jose Marti, General Maximo Gomez and other rebel leaders landed near Baracoa on Sunday. The Spanish troops have defeated a rebel band under Chief Perez. If the rebellion continues to grow Captain General de Campos will demand further reinforcements.

### Chased a British Steamship.

New York, April 19.—A special to The World from Kingston, Jamaica, says: A Spanish warship chased the little British steamship Ethered into Port Antonio yesterday, creating great excitement. Captain Hopkins, master of the frigate, refuses to talk about the incident.

### DURANT CHEERFUL.

The Crimes He Is Accused of Are Still Shrouded in Mystery.

SAN FRANCISCO, April 19.—Theodore Durant was very cheerful yesterday and greeted everyone with whom he came in contact with a smile and pleasant words. The probable change in conduct of the accused man is caused by the belief that the police have exhausted every vein of information against him. The searching of the church is finished and no further evidence has been brought to light.

Police Surgeon Somers visited him yesterday to study his action, in anticipation of a plea of insanity when the case is brought to trial. Dr. Somers says that Durant shows no signs of an unbalanced mind; in fact he spoke with intelligence on every subject that was brought up. Durant seemed very pleased that he did not have to make the trip to the morgue.

Another witness has come forward who thinks he saw Durant and Miss Williams, or a couple very much resembling them, at about 11:15 o'clock Friday night. As he passed them he heard the young lady laugh and the young man was smiling. He did not observe their actions afterward, but says they were walking toward the church. The description tallies exactly with the dead girl and Durant, and if they were the persons, his testimony will go to prove that the girl was not dead early in the evening as has been supposed.

Chief Crowley is still hard at work trying to strengthen the evidence against Durant. He says that his men have so far obtained no clues which would lead one to believe that the murderer had an accomplice. The chief had a conference with the detectives engaged in the case yesterday and not one of them have found anything to prove that Durant is not the guilty man.

General Dickinson, Durant's attorney, called on Durant yesterday and the two held an animated conversation which lasted for some time. At the conclusion of the conference, General Dickinson informed several persons that his client was about to make a statement which was not to be made public at present, and requested the police to see that Durant was not disturbed. Durant worked the whole afternoon on the document and denied himself to all newspaper men and his friends.

Little hope is expected that any bloody clothing belonging to the murderer will be discovered. This, the police say, is the only weak point against the prisoner.

A slight reaction in public opinion has set in in favor of Durant, brought about no doubt by the testimony of those who witnessed his cool actions after the discovery of the body. His comrades of the signal corps, who were present when the news of the finding of Miss Williams' body and that Durant was wanted for the crime, was flashed by the heliograph telegraph system from this city to Mount Diablo, saying that not a muscle moved or flush passed over his face.

His action at the Christian Endeavor meeting on the night of the murder of Miss Williams were so gay and he seemed self-possessed that there are many who think the police have run down the wrong man. On the other hand the circumstantial testimony against Durant is so strong that something else will have to be done to remove from the minds of many people the impression that he is the guilty man.

The story has been published here that Ella Forsythe, who disappeared April 6, and whose name has been mentioned in connection with the Emanuel church murder as another possible victim, has been located in San Jose,

and another story has been published that she has been located in southern California. In both cases she is said to have eloped, but the statements do not appear to be authenticated and her husband does not believe that at all, and still thinks his wife was drowned.

### FOREST FIRE.

Great Destruction Being Done in Southern New Jersey.

EGG HARBOR CITY, N. J., April 19.—The largest forest fire of the season is burning between this city and Pomona, about six miles from here. It originated early yesterday. The barn of John Green and the adjacent farmhouse of William Maier have been destroyed and the flames threaten the summer residence of Mrs. Clara Breeling, an aged widow. A bucket brigade is endeavoring to save the house.

Several hundred citizens, who attempted to light the fire, were forced to retreat by the intense heat. A number of young cows, which were in the meadows, became frightened and dashed through the dense pines. They were so severely burned that they had to be killed. The loss thus far is estimated at \$14,000, but the fire is still raging.

### Flood Losses.

CARTHAGE, Mo., April 19.—Goodwin Brothers have lost nearly 1,100,000 logs by the breaking of their boom during the freshet, and their dam was slightly injured. The dams of J. M. Getchell and J. G. Littell were also partially washed out, and the latter also lost considerable lumber by the breaking of his boom and his mill was damaged. The Newman bridge has been carried away and the roads are impassable. J. G. Sweet is reported to have lost about 100,000 logs, which were landed on the river bank. The water is settling rapidly.

### Charged With the Houghton Explosion.

Houghton, Mich., April 19.—Charles Ulrich, for seven years employed at the Hancock chemical works at Dollar Bay, was arrested Thursday charged with blowing up the works and causing the death of Dominick Christiana on March 15. Ulrich's wages were cut shortly before the explosion and considerable jealousy is said to have existed between Ulrich and Christiana.

### Editor Robert Appointed.

St. Louis, April 19.—A telegram was received here Thursday from the president of the National League of American Wheelmen announcing the appointment as a member of the national racing board of Douglas W. Robert, sporting editor of the St. Louis Post-Dispatch.

### Young Women C. A. Meeting.

PITTSBURGH, April 19.—The fifth international convention of Young Women's Christian associations opened in the First Presbyterian church, in this city, Thursday. Mrs. Grace Whitney Evans, daughter of ex-Governor Whitney of Michigan, presided.

### Weavers Will Return to Work.

WESTERN, R. I., April 19.—The weavers in the Western Woolen company's mills will return to work on Monday next, Congressman Warren Arnold, the proprietor, having agreed to an increase of wages and steady work.

### Condition of the Treasury.

WASHINGTON, April 19.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$184,788,187; gold reserve, \$90,503,835.

### Look at Four Fives.

WASHINGTON, April 19.—The secret service officials have discovered a new counterfeit \$5 National bank note. It is on the Blackstone Canal National bank of Providence, check letter B, series of 1882, A. W. Wyman treasurer, B. K. Bruce register, charter No. 1131, bank No. 182, treasury No. 2, 12027099, portrait of Garfield. The errors committed in the production of this note are many and glaring.

### Not Yet Settled.

DOVER, Del., April 19.—The 114th ballot for a United States senator was taken yesterday. Massey again failed to receive a vote. The ballot was: Higgins, 10; Addicks, 3; Pennewill, 4; Ridgely, 9; Bayard, 1.

### Petition Granted.

CHICAGO, April 19.—Receiver McNulta petitioned Judge Showalter yesterday morning for authority to borrow \$350,000 and to renew a note for \$50,000. The judge granted the necessary order.

### Train Robber Perry to Return.

ALBANY, April 19.—Governor Morton has issued a requisition on the governor of New Jersey for the return to this state of Oliver Curtis Perry, the train robber, captured in that state.

### OHIO'S OIL FIELD.

The Present Price of Oil Has Created an Immense Boom.

TOLEDO, April 19.—The number of new oil rigs that are being erected in the northwestern Ohio field is something enormous and if the price of crude product holds up anywhere near what it is now, the oil trade will make this by far the greatest year in the history of the Trenton limestone field. People that never had an idea of oil barking in the oil business are out hustling for leases.

There is a fascination about the oil industry that catches them all, and when once in it they are there to stay. Every outgoing train in the direction of the oil country is loaded down with passengers. Ten-barrel territory is now considered very valuable by the trade which are hustling after it. On Saturday last the shipments of Lima crude by the Buckeye Pipe Line company amounted to 84,172 barrels. The runs were 113,523 barrels.

The large runs are accounted for by the selling of oil by those parties who were holding for better prices. The shipments were very large and if they average that for any length of time the surplus will diminish very rapidly.

The largest and most important well completed in the Trenton Rock district during the past few days is the property of Tait & McDonald, located on the Twibell farm, near Montpelier. It started at better than 300 barrels a day.

### Seeking Territory.

St. Mary's, O., April 19.—Oil producers are looking in from all directions and hundreds of leases are made in and around the St. Mary's reservoir in the great oil producing territory. Many leases run up in the thousands. One lease holder, possessing only very limited territory along the reservoir bank, is said to have refused \$100,000 from parties seeking to divide his territory. His oil receipts off the same in the last 10 days were \$2,750. The price of crude at present is 93 cents, while refined has reached \$1.53.

### New Wells Struck.

CLEVELAND, April 19.—A special from Lima says that oil was struck near Blinton yesterday and the well is flowing at the rate of 100 barrels a day. The well was regarded as a "wildcat," and it opens up an extensive new territory. A special from Massillon says that oil was struck in Pike township, Stark county, yesterday, at a depth of 900 feet. Other wells will be put down at once and the land is being rapidly leased.

### DRANK POISONED BEER.

How One Man's Liberty Caused the Death of Two Persons.

CHICAGO, April 19.—James Holden's hospitality ended fatally for his 3-year-old son, George, and Rupert Johnson, an expressman, yesterday afternoon. Holden had employed Johnson to move his household goods to a new residence. Johnson was a hard worker and Holden treated him to a pint of beer.

The beer was brought in a pail and Johnson for convenience in drinking, poured some of it into a glass which happened to be near him and which he supposed was empty, but which contained considerable nitric acid, the drug being unobtainable. After drinking a portion of the beer from the glass, Johnson gave the glass to the boy, George, who happened to be standing near him, and the boy also took a drink. In spite of all that medical aid could do, Johnson and the boy died within an hour after drinking the beer.

### KILLED A LION.

A Dose of Strychnine Did the Work After Twenty Minutes.

NEW YORK, April 19.—An Abyssinian lion belonging to Barnum & Bailey's show was killed by a dose of strychnine. The lion's paw had been hurt last week, and grew so much worse it was decided to kill him. A piece of meat filled with strychnine was given him. He swallowed the meat with his heavy dose of poison greedily. The onlookers expected to see the strychnine operate at once, but they were mistaken. The great brute lay down contentedly, and seemed to go to sleep. For 20 minutes or so he lay still. Then, with no warning, he leaped high into the air, and fell with a thud to the floor of his cage. He was dead by the time he struck, and had probably suffered no pain except at the very instant before he died.

### A LEPER.

Who Caught the Disease by an Arm-to-Arm Vaccination.

NEW YORK, April 19.—William Bryan, a 17-year-old mulatto, was sent Wednesday to North Brother island suffering with leprosy in the worst form.

Bryan caught the disease from an arm-to-arm vaccination in the West Indies. He came to New York and worked as a boy in several hotels. He next secured a place as door boy in a private family on Fifth avenue, but was forced to quit a few weeks ago because of the swollen state of his hands and feet. He went to the Roosevelt hospital free dispensary, where it was discovered that he was a leper.

### Peace Ratification.

ROME, April 19.—The Japanese minister here has notified the Minister for Foreign Affairs Baron Blanc that the ratification of the treaty of peace between China and Japan will be exchanged at the Foo.

## ENGLAND'S DEMANDS

Nicaraguan Ultimatum Can Not Be Changed.

### ALL ARBITRATION REJECTED.

Nicaragua Must Pay Fifteen Thousand Pounds Sterling For Personal Injuries to England's Minister—The Earl of Kimberley Sent an Important Dispatch to the Foreign Minister at Managua.

NEW YORK, April 19.—The World this morning says: The World has received a private cable dispatch from London giving the following reply sent by the British Government to Nicaragua:

LONDON, April 18.

To the Foreign Minister of Nicaragua at Managua:

I have had the honor to receive your excellency's telegram of the 11th inst. My note was delivered to Senor Barrios on the 26th of February with the request that a copy be forwarded to your excellency by mail on March 2. Her majesty's government can not be responsible for the delay in your receiving it.

Your counter proposal has been considered and I regret it cannot be accepted. Her majesty's government can not admit there is any doubt as to the right of the British subjects and must adhere to the demands in my previous note.

KIMBERLEY.

The note which the Earl of Kimberley, the British secretary of state for the foreign department refers to as having been delivered to Senor Barrios (Nicaraguan envoy sent to England on this special mission) Feb. 26, was what is known as Great Britain's ultimatum to Nicaragua.

Great Britain's reply in effect rejects arbitration of the amount of indemnity to British subjects for personal injuries, and insists upon the payment of £15,000.

### THE EARTH WOBBLER.

So Declares Mr. Woodward Before the National Academy of Sciences.

WASHINGTON, April 19.—The most interesting paper, from a popular standpoint, read at the session of the National Academy of Sciences, was that of Mr. R. S. Woodward, who endeavored to show that the earth, while traveling through its orbit, wobbled. Mr. Woodward is not a member of the association, but was permitted to read his paper by virtue of an introduction by Mr. S. C. Chandler.

The conclusion reached by Mr. Woodward was vigorously combated by the members of the society, who insisted that the earth traveled through a fixed orbit, and could not by any possibility deflect or wobble.

### Young Lady Instantly Killed.

UNION CITY, Ky., April 19.—Miss Owen, residing near Hickman, Ky., was instantly killed near that town yesterday under peculiar circumstances. She had driven to town in a cart, accompanied by a young man, to do some shopping, and was returning home when the horse attempted to run away. The young lady was kicked under the chin, the force of the blow dislocating her neck, and causing instant death.

### Fought For a Girl.

St. JOSEPH, Mo., April 19.—C. H. Carver and Harry Ward, two young men of this city, who have been paying attentions to the same young lady, fought with bare knuckles last night under London prize ring rules to determine which should give way to the other. They fought in a grove near this city, and after an hour's fighting were compelled to stop from sheer exhaustion. Both principals were badly bruised.

### Prominent Physician Dead.

GAINESVILLE, Fla., April 19.—Dr. John P. Wall of Tampa, while reading a paper on "Public Hygiene" before the Florida State Medical association yesterday, suddenly gasped and fell back dead in the arms of Dr. Sweeting. He was a physician of more than state reputation, and had been active in the National Medical association. Heart failure was the cause of death.

### Death of Dr. Charles Neidhard.

PHILADELPHIA, April 19.—Dr. Charles Neidhard, one of the most prominent physicians of this city, died Wednesday at his residence, 1511 Arch street, in the 86th year of his age. Dr. Neidhard was born in Bremen and was a stepson of the eminent political economist, Professor List, whom he accompanied in his exile to Switzerland and this country.

### One of the Morgan Raiders Dead.

NASHVILLE, April 19.—Rev. G. W. Winn, a Methodist minister for 55 years, and one of General John Morgan's favorite scouts during the war, died here yesterday afternoon, aged 76 years. Rather than surrender during General Morgan's raid into Ohio, Dr. Winn swam the Ohio river on horseback.

### An Ocean Disaster.

PORT TOWNSEND, Wash., April 19.—The schooner Behring Sea, from Tacoma, has been found 35 miles west of Cape Flattery, bottom up. The crew of 10 persons is supposed to have been drowned. The vessel was making her maiden voyage to the Halibut banks and was deemed an unseaworthy craft.

### Mine Superintendent Fatally Crushed.

WHEELING, April 19.—While in the act of getting on a train of cars used to run coal from the mines to the tipples, Superintendent C. O. Finley of the Mount Clare Coal company, this state, lost his footing and was crushed between the cars and the side of the mine. He can not live.

## SOUND MONEY.

Wherever the wants of man exist, bus-  
iness and finances in some degree are  
found, related to one direction to those  
whose wants they supply and in another  
to the more extensive business and fi-  
nance to which they are tributary. A  
fluctuation in prices at the seaboard is  
known the same day or hour in the re-  
motest hamlet. The discredit or depre-  
ciation in financial centers or any form of  
money in the hands of the people is a  
signal of immediate loss everywhere.

If reckless discontent and wild experi-  
ments sweep our country from its own  
support the most defenseless of all who  
suffer in that time of distress and national  
discredit will be the poor, as they reckon  
the loss in their scanty support, and the  
laborer and workingman as he sees the  
money he has received for his toil shrink  
and shrivel in his hand when he tenders it  
for the necessities to supply his humble  
home.

Disguise it as we may, the line of battle  
is drawn between the forces of safe cur-  
rency and those of silver monometalism.  
I will not believe that if our people are  
afforded an intelligent opportunity for  
sober second thought they will sanction  
schemes that, however cloaked, mean  
disaster and confusion, nor that they will  
consent by undermining the foundation  
of a safe currency to endanger the ben-  
eficial character and purposes of their  
Government.—President Cleveland.

## SOUND MONEY.

Comments of the Press on President  
Cleveland's Recent Letter on the  
Financial Question.

The letter is couched in plain terms  
and is pervaded by the essence of com-  
mon sense.—Memphis Scimitar.

President Cleveland's letter is an ap-  
peal to the common sense of the country  
and can not fail to have a profound  
effect.—Atlanta Journal.

This is the kind of literature that the  
sound-money party needs, and it can not  
be too zealously forced upon the atten-  
tion of the people.—Pittsburg Leader.

The letter is earnest in its tone and  
solemn in its warning, but it lacks sim-  
plicity, and this effect leaves room for  
false impressions.—Pittsburgh Chron-  
icle-Telegraph.

The letter is courageous and unequivocal  
in opposition to free silver and other  
dangerous forms of inflation.—St. Louis  
Globe-Democrat.

Mr. Cleveland becomes the leader in  
the fight for honest money, and his firm  
stand will have a stimulating and en-  
couraging effect upon both his party and  
the country.—Indianapolis News.

President Cleveland hit the nail on the  
head and drove it home in writing the  
single sentence: "Disguise it as we may,  
the line of battle is drawn between the  
forces of safe currency and those of silver  
monometalism."—Chicago Tribune.

Mr. Cleveland's letter to the Chicago  
Committee attacks with much force the  
weakest point in the silver monometal-  
ist case. In so disposing of the emphasis  
of his criticism he shows the good law-  
yer's skill in controversy.—St. Louis Re-  
public.

The President's letter to the Chicago  
committee relative to the silver craze,  
while it adds nothing to the information  
on the important issue, shows that he is  
profoundly impressed with the import-  
ance of preserving a money which will  
keep us in touch with the commercial  
world.—Indianapolis Journal.

Evidently Mr. Cleveland has not been  
thrown from his balance by the fictitious  
strength of the silver men which has dis-  
tracted other politicians, particularly  
those of Illinois. He knows the main is  
only temporary. Its virulence and dura-  
tion depend in some degree on the op-  
position to it by men of his stamp,  
courageously supported by the business  
interests of America.—Chicago Post.

It will be well for the people to give  
heed to this sincere and plain declaration.  
In Mr. Cleveland's view—and that of  
many others—"the line of battle is  
drawn," and there is an imperative need  
of a sound understanding of the issues.  
For his part, the President's influence is  
cast for sound money, and this energetic  
action is likely to have its due effect in  
shaping the course of events in the  
political future.—Chicago Record.

**Robertson and Pendleton's Raise.**  
FRANKFORT, Ky., April 16.—The State  
Board of Equalization passed on the as-  
sessment of four more counties to-day.  
Their work resulted as follows: In Pen-  
dleton lands were raised 22 per cent. and  
lots 10 per cent. Robertson was in-  
creased 10 per cent. on lands and 6 per  
cent. on lots. Pike's lands were increased  
2 per cent. and lots 4 per cent., and  
Owsley was given 2 per cent. additional  
on lands and unchanged as to other  
classes of property.

## CITY ELECTIONS.

The Mayor May Be Chosen by the  
People or by Council—Important  
Ruling of the Appellate  
Court.

The Court of Appeals this week made  
an important ruling in regard to elec-  
tions in cities of the fourth class. In  
affirming the case of Brown & Co. versus  
Holland, taken up from Hopkinsville,  
the court says:

First—Under Section 160 of the Constitution,  
which provides that "members of legislative  
boards or Councils of towns and cities shall be  
elected by the qualified voters thereof," with  
certain provisions as to cities of the first, second  
and third classes, the General Assembly has  
power to provide as to cities of the fourth class,  
as it has done, that Councilmen "shall be elected  
by a majority of the votes cast by the qualified  
voters of the wards for which they respectively  
stand," it not being necessary that they should  
be elected by the voters-at-large before it can be  
said they are "elected by the qualified voters  
of the city."

Second—The charter for cities of the fourth  
class recognizes the existence of wards in such  
cities and in effect continues the ward divisions  
existing under old charters.

Third—While the general rule is that the Leg-  
islature can not depute others to perform its  
governing functions, yet it may delegate to  
municipal and other public corporations some  
portion of its own powers for local purposes.  
Therefore, under Section 160 of the Constitution,  
which provides that Mayors of towns of the  
fourth, fifth and sixth classes "may be elected or  
appointed, as provided by law," the Legislature  
has power to provide, as it has done as to cities  
of the fourth class, that "the Mayor may be  
elected by the people or appointed by the Coun-  
cil, as may be provided by ordinance." Nor is  
this provision in violation of Section 156 of the  
Constitution, requiring the organization and  
powers of each class of cities "to be defined and  
provided by general laws so that all municipal  
corporations of the same class shall possess the  
same powers and be subject to the same restric-  
tions."

Fourth—As the Constitution permitted and  
the act for the government of cities of the fourth  
class required the election of Councilmen by the  
voters of each ward, and the City Council, in  
the absence of any specific directions by the  
General Assembly as to how these ward elections  
were to be held, did all in its power to comply  
with the Constitution and the act, both the  
Council and the County Judge appointing the  
officers to hold the elections in the respective  
wards as required by the charter, and the City  
Clerk furnishing the ballots under authority of  
the Council upon the refusal of the County  
Clerk to do so, these irregularities did not in-  
validate the election.

Fifth—In these actions to prevent the usurpa-  
tion of the offices of Mayor and Councilmen, in  
which the plaintiffs ask judgment placing them  
in possession of the offices which they respec-  
tively claim, plaintiffs must recover upon the  
strength of their own titles, and have no in-  
terest in the settlement of any question which  
merely affects the titles of the defendants with-  
out giving validity to their own titles.

## For the Farmer.

Cutworms have wrought considerable  
damage to tobacco plants, corn and oats  
in Simpson County.

When coach and carriage teams bring  
\$2,000 and \$2,200 cash, as they did on the  
market in Chicago last week, it shows  
that strictly first-class animals are in de-  
mand at good prices, says the Danville  
Advocate.

During the past three months Chicago  
received 2,380,187 hogs, representing 536,-  
600,000 pounds, live weight. In the same  
time last year 1,969,914 hogs of 293  
pounds average were received, a total  
live weight of 470,000,000 pounds.

Reports from all over the country, and  
especially from the horse centers of Chi-  
cago and New York, confirm the well-  
founded belief that the horse market has  
at last definitely turned the corner and is  
now on the upward grade. Notwith-  
standing heavy receipts prices for all  
kinds except unsound and inferior ani-  
mals are more satisfactory than for a long  
time past, and the demand for first-class  
draft and coach horses is most decidedly  
strong.

## ACCIDENT INS. TICKETS. W. R. WARDER.

THE Secretary of the Interior has de-  
cided that claims for pensions are valid  
if filed by the children over sixteen years  
of age whose fathers died from causes orig-  
inating in the line of duty, before the  
children claiming the pension had reach-  
ed their sixteenth year.

CINCINNATI Times-Star: "The gratifying  
statement is made of the C. & O. that for  
the months of January and March it  
earned more net money than ever before  
in corresponding months. It was oper-  
ated at an expense of 67 per cent of the  
gross earnings, leaving 33 per cent net.  
The average freight rate was .41 of a cent  
per ton per mile. This is gratifying to  
President Ingalls and his energetic corps  
of lieutenants."

THE Court of Appeals has reversed the  
judgement of the Campbell Circuit Court  
in the case of the Newport Light Com-  
pany vs. The City of Newport. The  
Light Company claimed an irrevocable  
exclusive contract with Newport for fur-  
nishing light. Some time ago, however,  
the city dispensed with gas, and entered  
into contract with an electric light com-  
pany which has since supplied it. The  
gas company continued to light their  
lamps, however, and finally brought suit  
against the municipal government for  
about \$14,000 for gas furnished. They  
obtained a judgement in the lower court,  
but this is reversed.

### BATEMAN-HARRIS NUPTIALS.

An Ex-Mason Countian Wedded a Covington Belle Thursday Afternoon.

Mr. George Fleming Bateman, formerly of Lewisburg but now of Lexington, and Miss Henrietta Warren Harris, of Covington, were married Thursday at high noon. The Covington Post says: "Only the families and a very few intimate friends from a distance were present. It was a very beautiful wedding. The home was most profusely adorned with flowers. The mantels were banked with ferns and imbedded with roses of every color. The bride entered the room on the arm of her father. Miss Harris, who is a striking beauty, never appeared to a better advantage than she did in her French wedding gown of steel blue novelty cloth, white satin vest enveiled in jeweled net, and hat en suite.

"Miss Hesse, in a picturesque baby frock of white satin, was the ringbearer. On a white satin cushion on a silver tray a dove rested, and in its mouth held the ring that would bind the couple together. Mr. Bateman entered the room a few moments before the bride with his best man, Mr. William Harris. Rev. Gratton Noland performed the ceremony, using the prayer book that had been used at the bride's christening and confirmation and was a gift from her father to her mother prior to their marriage. As they knelt on white satin cushions to receive the blessing, a pretty tableaux was formed with the green background of ferns and palms."

Mrs. Bateman is the granddaughter of Bishop Harris, of the Church of England. A reception, from 2 to 4 o'clock, followed the wedding. Mr. and Mrs. Bateman left on the evening train for the groom's home at Lexington.

#### Notice.

Notwithstanding the fact that the undertaking department of Myall & Shackelford's business has recently undergone a change of name to that of Myall & Coughlin, the business will be continued as usual in and from the same rooms, adjoining opera house, and while we deeply regret that Mr. Porter positively refused to continue his services with us, we could not (to do justice to ourselves) discontinue the business on account of it, and therefore advertised immediately for an embalmer and funeral director; and from twenty-one applications for the position, we have selected (a Virginian by birth) a gentleman of refined tastes and polished attainments, who has had large experience as an embalmer and funeral director, who will continue the business in all its delicate details, with modesty, prudence and with that marked attention the high calling demands. Our Mr. Myall will always accompany the gentleman, rendering whatever assistance necessary, and hereafter the undertaking rooms will be accessible day and night; and whenever our services are required, night or day, the matter shall ever have prompt and most careful attention.

Respectfully,  
MYALL & COUGHLIN.

#### A Great Place For Pumpkins.

Mt. Olivet Tribune-Democrat: "Here is a story the truth of which is vouched for by Tolliver Duncan, a man well-known in this county and whose veracity is doubted by none. He says that on the hill back of W. A. Kenton's house on West Creek years ago, when Toll was a boy, Elias Bramel planted corn and pumpkins on the hill. The soil was very fertile and the pumpkins grew; even the green bay tree wasn't in it compared with those pumpkins. They grew so large and so thick that one could walk all over the hillside on the pumpkins. One near the top grew so large and became so heavy that it broke loose from the stem and started down the hill. On its way it started others, and by the time it got half way down the hill thousands of pumpkins were on the move. They proceeded on their way and at the bottom of the hill they knocked down 117 panels of stake and rider fence, and blockaded the creek for a half mile."

#### The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

#### The First National's New Cashier.

Mr. W. W. Ball was unanimously elected cashier of the First National Bank at a meeting of the Board of Directors on yesterday, to succeed the late Thomas Wells.

Mr. Ball has been the assistant cashier of said bank for the last five years, and his promotion is a deserved one.

LADIES often have their pocket books stolen while on the street. They are very apt to leave them on the counter while shopping or lay them down in the cars when traveling, but the ideal safety chain prevents all these accidents. This little novelty can also be used either as a fan holder or watch chain. See it at Ballenger's.

SAM MOORE is the name of the fugitive from justice captured near Germantown a few days ago by Marshal Tucker, of that place, and Sheriff Teel, of Clermont County, O. Last December, Moore sold and delivered a crop of tobacco which did not belong to him, and then succeeded in making his escape. Teel finally located him near Germantown, with the result as already told.

### TO MEET IN MAYSVILLE.

The Kentucky Department of the G. A. R. Will Hold Its Next Annual Session in This City.

The next annual meeting of the Kentucky Department of the Grand Army of the Republic will be held in this city. The date of the meeting will be fixed by Joseph Heiser Post. This was decided on at the meeting in Hopkinsville this week.

The meeting at Hopkinsville this week was the most largely attended ever held in Kentucky. Colonel R. M. Kelly, of Louisville, was elected State Commander; Colonel E. L. Motley, of Bowling Green, Senior Vice Commander, and M. B. Brown, of Christian County, Junior Vice Commander.

James L. Allensworth, colored, of Hopkinsville, was elected Chaplain. Dr. B. F. Porter, colored, was re-elected Medical Inspector; Edward Forbes, Historian.

There were about fifty candidates out for delegates to the National encampment. Only one ballot was taken and the seven highest were selected as delegates and the next seven as alternates. Only one colored man got in as alternate. The delegates are: Edward Farleigh, Delegate-at-Large; John Fowler, Sam McKee, E. P. James, Charles Solar, E. F. Tucker and A. J. Tharp. The alternates were Col. Cohn, C. C. Vaughn, colored; P. H. Jackman and Comrades McBride, Cook, Barnes and Webb.

Col. Kelly named James O'Donnell, Assistant Adjutant General on his staff, and George W. Pell as Assistant Quartermaster General. He will not appoint the rest of his staff until later on.

At the meeting of the Women's Relief Corps, the following officers were elected: Department President, Mrs. Nannie Ross, Louisville; Senior Vice President, Mrs. Margaret Shepherd, Covington; Junior Vice President, Mrs. Mattie Festerer, Louisville; Treasurer, Mrs. Lizzie Rees, Louisville; Secretary, Miss Anna Belle Ross, Louisville. Mrs. Fannie Webb, of Bowling Green, was elected Delegate-at-Large to the National Encampment. The other delegate was Mrs. Fannie Miller, of Louisville, and the alternates were Mrs. Emma L. Jackson, Louisville, and Mrs. Hannah McCarthy, of the same place. The following is the General Council of Administration: Mrs. Mary Donaldson, Covington; Mrs. Kulling, Covington; Mrs. Lucinda Winston, Dayton; Mrs. Fannie Ingels, Dayton, and Mrs. Annie Boyd, colored, Hopkinsville. At the afternoon meeting Mrs. McMahon was elected Inspector, and Mrs. Rosa Harper, of Louisville, Instituting and Installing Officer.

### ANOTHER INJUNCTION ASKED FOR.

A Suit to Restrain the City From Collecting Taxes on the Visitation Academy.

Another injunction suit is pending in the Circuit Court.

It was filed some days ago by the Sisters of the Visitation, and they ask that the city of Maysville be perpetually enjoined and restrained from levying and collecting taxes on the convent building on East Third street and other property owned by them.

They set up that the institution was incorporated by an act of the Legislature for the education of females, and that all the property owned by them is a necessary part of the institution, and that said institution is not and never has been used for gain and that the income is devoted solely to the cause of education, and is therefore, under the Constitution and Statutes, exempt from all State, county and municipal taxation.

Messrs. W. H. Wadsworth, E. L. Worthington and Frank P. O'Donnell are attorneys for plaintiffs.

## PHILADELPHIA FIRE.

Over a Dozen Buildings Completely Destroyed.

LOSS OVER HALF A MILLION.

Three Firemen Injured by Falling Walls. Sixteen Families Harmed Out, but Fortunately All Were Rescued Without Injury—Three Hours' Fight With the Conflagration.

PHILADELPHIA, April 19.—At 1:30 o'clock this morning fire was discovered in the rear of the first floor of the Wilson Cracker company, otherwise known as the New York Cracker company, at 210 North Front street, and in the course of an hour over a dozen other buildings had been wholly or partially destroyed.

The building is a big 4-story structure, surrounded by a labyrinth of small streets. Before the firemen had actually gotten to work on the cracker company's buildings the flames had spread to the soap and chemical manufactory of William Dreydroppe, adjoining on the south, and a few moments later eight small dwelling houses on Augusta Place, an alley to the south, were burning. There were in all about 16 families in these houses, but all were removed safely.

The fire then spread, taking in the liquor store of Edward Maguire, the chair factory of William H. Snowden, the harness manufactory of Walker & Company and the house of J. Meany. Some of the buildings are on Race street above Front, to the south of the cracker company's place. In the meantime the fire was spreading to the buildings on the north, where stand a large number of manufactories, but through the work of the firemen and the fireboats, which had run hose from their stations on the Delaware river, the fire was not allowed to spread on that side to any extent.

Shortly after 2 o'clock Fireman Magee was hurt about the head by the falling of the back wall of the cracker company's building. He was standing in a room of the Dreydroppe place when the wall fell, and was injured by falling bricks. He was removed in an ambulance, but it is thought that his injuries are not serious.

At 3 o'clock the fire was under control. The cracker company's warehouse was completely gutted, but the damage to the other buildings was not so great as at first thought, the flames having been mainly confined to the roofs. Three firemen were injured. They were: William H. Strages, who was caught by the falling rear wall of the cracker company building and severely injured. He was taken to a hospital. John S. Collins, who was struck on the head by falling bricks, and Miles Maguire, who was injured on the foot by timbers.

At one point the flames spread across Front street and caught the 4-story building of J. J. Lenhart, rugs and paper warehouse. By the quick work of the firemen it was prevented from doing any serious damage. In all, 13 buildings were more or less damaged by the fire.

Owing to the lateness of the hour, no exact figures as to loss and insurance could be obtained, but a conservative estimate places the loss thus far at \$500,000.

### MONUMENT DEFEATED.

Changes Made in the Center of Population Mark.

West Port, Ind., April 19.—It was ascertained that when the census of 1890 was completed that the center of population was near this place, and a handsome national monument erected with lettering denoting the cause of its erection.

It is a public monument, dear to every citizen of this country. It marks a time in the decade of life and a spot which will ever be noted in the history of our country. It stands up on ground which was decided by the heirs of Jacob Engle for its erection, and why any man should want to deface it or change it it is hard to tell. What motive he could have we are at a loss to know, but it has been defeated. The lettering on one face, including the name of Jacob Engle, has been cut out.

Investigation reveals the fact that A. M. Armstrong, who lives near the monument and who is now owner of the Engle homestead, secured the services of a stonecutter, Sam Hodson, and made the change. J. J. Engle, one of the sons of Jacob Engle, deceased, was in town recently and will investigate.

### GALVESTON BAR GOING.

The Dredge Jumbo Is Doing Effective Work.

GALVESTON, April 19.—The big dredge Jumbo, recently arrived from Mobile, was put to work Thursday to dredge out the small remnant of the bar, which still remains at the mouth of the harbor. According to soundings made by the pilots, there now remains about 400 feet of bar between a permanent depth of 19 feet in the bay and 19 feet in the gulf. The engineers expect the work of the Jumbo to result in establishing a 20 foot channel at an early date. Galveston is much pleased over the success of gigantic jetty.

### New Clew Discovered.

CLEVELAND, April 19.—The fact has developed that Detective Corner left the city early yesterday morning for St. Paul, where it is said a hot clew has been discovered which may lead to an important arrest in connection with the brutal murder of General Passenger and Freight Agent James A. Cavatelli of the Valley railroad which occurred here several months ago. The police officials refuse to say a word about the matter, but do not deny that a new and important clew has been discovered.

### Russell Recovering.

NEW YORK, April 19.—At the office of Russell Sage it was stated Thursday that Mr. Sage, who has been ill with shingles, had recovered and would probably be at his office Friday.

## EQUALIZING ASSESSMENTS.

Result of the State Board to Date. Most of the Counties Have Been Given a Raise.

FRANKFORT, Ky., April 15.—The State Board of Equalization passed on eleven more counties to-day. Up to date seventy-five counties have been acted upon, and of these the assessments on lands have been raised in fifty-nine counties. Lots have been raised in twenty-nine. Reductions have been made in the assessments of lands in two counties and lots have been reduced in two counties. The land assessment of fifteen counties and the assessment of lots in forty-one counties have been passed over unchanged. The counties acted upon to-day are: Christian, lands raised 4 per cent.; Campbell, lands raised 10 per cent.; Warren, 2 per cent. increase on both classes of property; Nelson, 10 per cent. added to lands; Muhlenberg, no change; Elliott, no change; Lawrence, 4 per cent. added to lands, 3 to lots; Trimble, 1 per cent. added to lands, 5 to lots; Todd, 10 per cent. added to land; Taylor, 20 per cent. added to lands, 10 to lots; Fleming, 6 per cent. added to lands, 5 to lots.

### "Our Homes."

This is the subject of a charming lecture which will be delivered at the First Baptist Church, Friday evening, April 26th, by the Rev. Carter Helm Jones, the eloquent pastor of the McFerran Memorial Baptist Church of Louisville, Ky. Of this lecture the Knoxville Tribune says:

The beautiful lecture upon "Our Homes," by the Rev. Carter Helm Jones on Tuesday night at the opera house was an intellectual effort of great brilliance. It was replete with jewels of eloquence, bright with ideas, poetic passages and strongly painted word pictures. Those who were so fortunate as to be present felt that their inmost hearts were touched and their best emotions stirred by the utterances of this talented young divine.

The lecture will be under the auspices of the Young People's Union of the Baptist Church, and the admission is only 25 cents.

## This Work-a-Day World.

Nothing to do but work;  
Nothing to eat but food;  
Nothing to wear but clothes  
To keep one from being nude.  
Nothing to breathe but air—  
Quick as a flash 'tis gone—  
Nowhere to fall but off  
Nowhere to stand but on.  
Nothing to comb but hair,  
Nowhere to sleep but bed,  
Nothing to weep but tears;  
No one to bury but dead.  
Nothing to see but sights;  
Nothing to quench but thirst;  
Nothing to have but what we've got,  
Thus through our lives we're cursed.  
Nothing to strike but a gait—  
Everything moves that goes;  
Nothing at all but common sense  
Can ever withstand these woes.

—Exchange.

BARNOR, the bright little six-year-old son of Mr. and Mrs. Robert Luman, of Lexington street, died Wednesday night at 8 o'clock, of heart disease. He was up and about with his playmates during the day, but was taken worse late in the afternoon, and survived only a few hours. The little fellow had a strange presentiment that his death was near, and during the day informed his mother to that effect. The sympathy of the community goes out to Mr. and Mrs. Luman in their sorrow. The funeral occurs this afternoon at 2 o'clock at the residence, with services by Rev. E. B. Cake. Burial in the Maysville Cemetery.
